

I Had To

“You don’t understand you see
I just couldn’t take it anymore
I had to do SOMETHing
ANYthing!
It’s so hard
So hard
I had to
You don’t understand I had to
I H A D T O!
He wouldn’t stop!
He was mocking me
I know he was.
I had to!”

His voice echoed

His eyes were darting across the broken room trying to find something but not knowing what he was looking for.

For he stood, alone.

“I had to!”
